PERTH:
BY AUTHORITY: FRED. WM. SIMPSON, GOVERNMENT PRINTER.
1929.

v 12281/29.

Supplement to the Journal of the Department of Agriculture of Western Australia.

March, 1929.

INDEX.

Vol. 5, 1928.

SUBJECT INDEX.

A.

Page

A Fatal Disease in Sheep 290
Apples—Bitter Pit in (illus.) 371
A Review—Classing the Wool Clip 170

B.

Bee-keeping Notes (illus.) 71, 213, 329, 462
Bitter Pit in Apples (illus.) 371
Blowfly Menace 170
Bowling Greens—Treatment of 440
Broom Millet Competition (illus.) 288
Burr-knot and Stem Tumor of Apple and Quince Trees (illus.) 123

C.

Cauliflowers 104
Centenary Production effort 167
Championship Crop Competitions 46
Classing the Wool Clip 170
Climbing Cutworm or Tomato Moth 423
Clover—Red (illus.) 171
Clover—Drooping Flower (illus.) 434
Codlin Moth Control in Western Australia 52
Cooling Contrivances and Recipes (illus.) 464
Cotton Bush (illus.) 131
Crab Grass (illus.) 12
Crinkle of Oranges (illus.) 292
Cutting of Potato Sets 294

D.

Dairy Farm Competition in Harvey District (illus.) 411
District Crop Competition—Yilgarn Area (illus.) 59
Drooping Flower Clover (illus.) 434

E.

Electroculture Experiment 463
Elephant Grass (illus.) 265
Erratum 136
Experiments on Fertilisation of the Egg of the Queen Bee 181
Export Trade in Apples and Pears and Regulations governing same 427

F.

Fallow Scraper (illus.) 66
Fallow Competitions—Wyalkatchem Agricultural Society 107
" " 194
Farmers' Field Trials 210
Fertiliser Trials at Burekup (illus.) 93
Field Experiments with Wheat—
Avondale State Farm 73
Chapman Experiment Farm 80, 256
Merredin Experiment Farm 188

INDEX—*continued.*

	Page
Field Experiments with Wheat and Oats—	
Merredin Experiment Farm	75
Wongan Hills Light Lands Farm	87, 219
Field Experiments with Oats at Wagin	85
Field Trials—Junior, 1927, Merredin Experimental Farm	110
Fig Wasp	296
First Australian Stud Master and his Flock (illus.)	3
Flag Smut Resistance Test, 1928	453
Foreword	1
Fruit Export	296
Fruit Fly Baiting and Trapping Experiments (illus.)	229
Fruit Fly—Trapping and Luring Methods (illus.)	246
G.	
Grading and Marketing of Potatoes	243
Guildford Grass (illus.)	319
H.	
Hand Feeding of Sheep	69
Herd Production—Recording (illus.)	304
Horticultural Notes	117, 252, 336, 409
I.	
Influence of Brood Nest on Swarming	254
J.	
Junior Field Trials	110
L.	
Lawns—Treatment of	440
Leaf Rust of Stone Fruits (illus.)	177
List of Bulletins available for distribution	472
Live Stock and Meat Return	160, 275, 365, 471
M.	
Market Reports	162, 277, 363, 469
Meteorological Information	163, 278, 366, 468
Minerals and the Health of Cattle	449
Moisture and Nitrate Fluctuations in Mulching Experiment Plots (illus.)	444
N.	
Nitrogen Fixation and Agriculture	183
O.	
Official Herd Testing Tables	226
Origin of Nabawa Wheat	64
P.	
Pastry	271
Pasture Development in the Great Southern Area	458
Peanuts	332
Pertinent Topics—Clover Sickness	283
,, ,, Continued use of Superphosphate in the Clover Belt	285
,, ,, Two Essentials for making good Silage	285
"Phosphate" or Phosphoric Acid" (illus.)	174
Phosphatic Licks for Stock	390
Pig Raising in Western Australia (illus.)	137
Potato Chips (illus.)	204, 299, 436
Potato Fertiliser—Trials on Blackboy Flats at Young's Siding (illus.)	261
Potatoes—Value of Certified Seed scheme	119
Producers' Market Reports	367, 470
R.	
Red Clover (illus.)	171
Results of Egg-laying Competition held at Muresk Agricultural College	235
Returns of Wheat Prices	161, 276, 364
Rose Chief of Wollongbar (illus.)	382

INDEX—*continued.*

	Page
Royal and District Agricultural Society's Crop Competitions (illus.)	14
Royal Agricultural Society's Show—Educational Sheep Classes	298
Rutherglen Bug (illus.)	322

S.

School Lunches	157
Sheep Maggot Fly Parasite	150
Sheep—	
A Fatal Disease in	290
Classing the Wool Clip	170
Educational Sheep Classes	298
First Australian Studmaster and his Flock (illus.)	3
Hand-feeding of	69
Toxic Paralysis of	102
Wool Clips of the South-West	149
Shot Hole Borer (illus.)	132
Show and Field Day Dates	334
Soil Alkali—its nature and occurrence (illus.)	399
Some Notes on Rabbit Destruction	429
Sorrel (illus.)	431
Spotted Wilt of Tomatoes	58
Successful Codlin Moth Control in Western Australia	52
Summer Growing of Potatoes	441

T.

Tangier Pea (illus.)	96
Tennis Courts—Treatment of	440
Testing Milk by the Babcock method (illus.)	152
Tolerance for Alkali in Soils (illus.)	399
Tomatoes—Spotted Wilt of	58
Toxic Paralysis of Sheep	102
Treatment of Bowling Greens, Tennis Courts and Lawns	440

V.

Value of the Certified Seed Potato scheme	119

W.

Wheat—	
Field Experiments with Avondale	73
„ „ „ Chapman	80, 256
„ „ „ Merredin	188, 75
„ „ „ Wongan Hills	87, 219
Flag Smut Resistance Test, 1928	453
Meal, whole	359
Trials at Kalgoorlie	127
Variety Tests, Chapman	339
„ „ Merredin	348
Watsonia (illus.)	356
West Australia's First 1,000lb. Butter Cow	223
Whole Wheat Meal	359
Wool Clips of the South-West	149
Worms affecting Sheep in W.A.	325
Wyndham Meat Works (illus.)	311
